I authorize the Belmont Police Department to completely check my property in my absence. They may enter my residence should a break-in or other serious problem occur while I am gone.

Although the police department will make an effort to check my property, I understand that they cannot guarantee how often it gets checked, especially if I will be gone for only a short time.

I understand that during the winter months, no physical check of my residence will be conducted if my driveway is not plowed.

I understand that should a problem arise at my residence or on my property, neither the Belmont Police Department nor the Town of Belmont will be held liable.

Upon my arrival home, I will immediately notify the police department of my return by either stopping by the police station or telephoning them at 267-8350.
